JAMES M. RHY'S DEATH.

James M. Rhy, employed at the Moquette mills of Alexander Smith & Sons, Yorkers, N. Y., met his death on Monday of last week by falling into a dye-tub filled with a scalding hot liquid. He was horribly burned and died at 6.10 p. m. that evening. Mr. Rhy was at one time a prominent tenor singer in the Pennsylvania Glee club, and was well and favorably known on the West Side. He was a married man and leaves a widow and five children. Two gentlemen of his acquaintance at Yorkers have provided for his widow and children, which is a proof of his good standing in that community.

WATER MAIN BURST.

For the second time within a few weeks the water main on Chestnut street was burst yesterday morning by

blasting operations. The sewer which is being built along Chestnut street runs through a rocky formation which can only be removed by blasting, and hence the danger to the water mains. The shutting off of the water interfered with the heating apparatus of public school No. 16, and it consequently grew too chilly in the school for comfort and it was closed for the remainder of the day. The main was repaired later.

A Fortunate Escape

A BURLINGTON YOUNG LADY TELLS THE STORY OF HER RESCUE.

From the Clipper, Burlington, Vt.

A reporter called upon Miss Lillian Warner at her home, 415 St. Paul Street, Burlington, Vt., and begged the favor of an interview.

The young lady is a musician and a pianist of considerable renown, and has her time fully occupied by engagements to play at concerts and other entertainments that are constantly taking place in the city, and she strains upon the strength and nervous energy of the pianist can be easily imagined.

"I never could have stood it, but I have something now," said Miss Warner enthusiastically, "that braces me for my work. Some little time ago I was utterly unable to attend to my duties, owing to the disarrangement of the nervous system that effected my eyes with all the rest. They became so weak and troubled me so that I finally went away into the country to rest. The benefit obtained from the change of scene and freedom from care was, however, merely temporary, and upon my return to work I rapidly lost all that I had gained and more."

"But did you consult a doctor?" "O yes, indeed; I put myself under the care of several doctors, and even tried many remedies recommended for cases like mine, but the medicines had no lasting effect, and it looked as though nervous prostration was to be my portion."

"I was about ready to 'throw physic to the dogs' when I first heard of Dr. Williams' Pink Pills for Pale People, and it was with great faith in any benefit to be derived from them that I at last made up my mind to try them."

"Hardly had I taken the first box before I experienced a great relief from the weakness and nervous troubles with which I was afflicted, and my eyes grew stronger every day."

"Are you taking the pills now?" was the next query.

"No; as I told you the first box helped me a great deal, and after I had taken six boxes I felt so well that I left off the medicine entirely and have not taken any more for some weeks. I am able to attend to all my duties and feel as well as can be, while my eyes continue to improve right along. I do not even mind the long walk from my home to the business part of the city."

Miss Warner further said that Dr. Williams' Pink Pills for Pale People build up the system, giving a lasting effect and not merely a fictitious strength for the time being.

Dr. Williams' Pink Pills for Pale People are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effect of la grippe, palpitation of the heart, pale and sallow complexion, that tired feeling resulting from nervous prostration, all diseases resulting from weak blood, and all forms of weakness, chronic dyspepsia, etc. They are also a specific for troubles peculiar to females, such as prostrations, irregularities and all forms of weakness. In men they effect a radical cure in all cases arising from mental worry, overwork or excess of whatever nature.

These pills are manufactured by the Dr. Williams' Medicine Company, Schenectady, N. Y., and are sold only in boxes bearing the firm's trade-mark and wrapper at 50 cents a box or six boxes for \$2.50, and are never sold in bulk. They may be had of all druggists.
